

Steps to Setting Up a Team

1. Choose a Team Captain

The Team Captain is the motivator and organizer of the team and serves as the contact person with Donate Life Run/Walk Team Leaders. The Team Captain is responsible for relaying information to the team and motivating them to do their best.

2. Register

Sign onto www.donateliferunwalk.org and click on Register On-line which will connect to Active.com. Once on Active.com, register as a Team Captain and name your team. By registering your team on-line, all donations and individual team member registrations are collected and updated through the website. It will take 90% of the work out of your hands! If you prefer not to register on-line, please refer to the FAQ page.

3. Recruit

Once you have registered, you will be assigned an on-line fundraising team page through Active.com. Set a goal to recruit at least 10 members for your team. **(For teams of 25 or more, special team incentives are offered; view subsequent page).** Email your team name and Active.com team fundraising page link to co-workers and ask them to join your team.

4. Promote

If your family, friends and co-workers are unable to join the team, ask them to make an on-line donation.

5. Have FUN!

Support your team with an enthusiastic attitude....it's contagious. Cheer your team to meet or exceed their goal.
